## **Carbon Valley Academy Hires Secondary School Principal**

Frederick, CO - - - Tony Carey, Executive Director of the Carbon Valley Academy Charter School, recently announced the hiring of Terry Walsh as the new principal of Carbon Valley Academy's secondary school. Walsh will assume the position immediately.

"We are very pleased to have someone of Terry's caliber join our school," said Carey. "His experience and expertise will enhance and strengthen our goals for our students."

Walsh possesses a Bachelor of Science Degree in Mathematics and a Master's Degree of Science in Administration and Supervision. After a 32-year career as a mathematics instructor and administrator, he has recently been leading Pre-AP Math workshops. In addition, he has presented at local, state, national and international mathematics conferences.

"I look forward to working with the talented teachers at Carbon Valley Secondary Academy as well as the dedicated parents and outstanding students. I believe my background will enable me to actively contribute to what is already an outstanding program," said Walsh.

Since moving to Colorado with his wife, Sue, Walsh has taken up fly fishing and lake kayaking. The couple has three grown children.
