October 6, 2009  
Press release for 10/2/09

Carbon Valley Secondary Academy, a middle/high charter school in Frederick, recognizes their students monthly for their demonstration of the character trait of the month. During the month of September, the character trait of Respect was taught in core and Success for Teens classes.

Students were nominated by their teachers who had to write specific examples of the student's demonstration of respect. One winner was selected from each grade and they will be featured on the Character Counts Corral at the school.

All the students nominated for the Respect Award were recognized at the Character Assembly on Thursday. Winners will also receive an iTunes Gift Card as a token of the school's appreciation, from the CVA Board of Directors during their regular meeting on Monday, October 19, 2009 at 7:00 pm.

Congratulations to the nominees and the winners of the Carbon Valley Secondary Academy Respect Award.
